Stains on heat-resistant glass china or enameled ware and earthenware pots can be removed with a little baking soda sprinkled on a damp cloth. Then wash as usual.

James L. Douglas, 27, Hazelton, escaped injury at 5 p.m. Wednesday when he fell at the wheel of his car as it approached the curve leading to the south end of the suspension bridge and the axle went off highway 50 into a field.

The 1958 Ford tore down a section of the bridge and stopped 175 feet from where it left the road in a field, as reported by Charles Colner, Hanscom, Douglas told State Patrolman Broyles.

Harding he "just went to sleep."

Highway 50 makes a big sweeping curve at the point where he left the road about 200 yards further down the road. The narrow approach to the suspension bridge, Harding estimated damage to the Ford at \$500.

Twin Falls county farmers must sign up for the 1959 conservation reserve program by Friday, Charles E. Kevan, chairman of the county agricultural stabilization and conservation committee, said Wednesday.

A statement issued by the ASC office Tuesday said farmers would be notified as soon as the county office was ready to receive applica-

LONDON, Oct. 8 (AP)—Three hundred teen-agers battled for 40 minutes with bicycle chains, stud-dent balls, bottles and bricks yesterday because 14-year-old Alan Rouse had been dating pretty Linda Linton.

Linda, a 14-year-old charmer, had been going steady with a boy from Harold Fields school. Then she switched her affections to Alan, who was a nearby Quarles secondary.

Harold Fields students felt honor-bound to revenge the slight—600 boys and their girl friends gathered to the gates of Quarles.

Then 100 Quarles boys sallied out to the battle. Forty minutes later police restored order.

'Hobo-Inventor' Returns

Elmer C. Muekel, 41-year-old inventor, gets a warm welcome home from Los Angeles from his wife, Jean, and 11-year-old daughter, Christine, San James, 3, at left, and Ricky, 6, seem intent on matters other than the return of their father, Muekel, whose aircraft warning device has made headlines since he left home broke and despondent last June. Muekel returned Saturday in a hobo-jungle near Reno, Nev. He was taken to Los Angeles by the Los Angeles Times and was reunited with his family in the newspaper's editorial rooms. (AP Wirephoto)

Pius Termed Staunch Figure In World's Era of Turbulence

By WILLIAM L. RYAN
WASHINGTON, Oct. 8 (UP)—The past two decades have been among the most terrifying periods in man's history. And throughout those perilous years, the frail figure of the man in the Vatican towered as that of a giant on the side of those in the world who believed in the fundamental decency and dignity of the human being.

It is a little "what your religion might have been. You would have been a rarity if you had been able to come away from the presence of Pope Pius XII without the conviction that you had... been in the presence of greatness. Unquestioned thousands over the past two decades stood in the presence of this man and heard his voice. He never spared himself the trials of innumerable audiences. Hundreds of thousands watched with feelings of awe as he raised his

Motorists Fail To Heed Plea To Aid Youth

WOODRIDGE, Mass., Oct. 8 (UPI)—A school bus driver, trying to rush a boy near death to a hospital, also failed to heed a plea yesterday when motorists refused to heed his pleas for help. One said he would be late to work.

The boy, 7-year-old Francis McMahon, had a severe aneurysm. He was riding home on the school bus. His schoolmates told bus driver John J. Wood, Jr., 27, that McMahon was choking to death.

Wood, aghast, ran into his home, then into the middle of the street and tried to flag down passing motorists, hoping to reach a hospital faster than the bus. None would stop.

In desperation, Wood jumped in front of an automobile whose driver was forced to halt. Wood quickly explained the situation and asked someone to ride to the hospital.

The motorist refused, saying he would be late for work.

By this time, Francis had stopped breathing. When he arrived at Fairview hospital, his heart and lungs were still and he was believed dead.

Surgeons opened his windpipe, inserted a breathing tube and reopened the youngster's chest to massage the heart.

Within a few minutes the boy began to breathe again. He was reported in "serious" condition today.

Transfer to Worcester—City Hospital.

Projects Said Near to Send Man in Space

STAMFORD, Conn., Oct. 8 (UPI)—The head of the defense department's space agency said last night that it is close to sending a man into space in 24 to 36 months.

Ray W. Johnson, director of the defense department, inserted the remark without elaboration in a report to the joint committee on defense. He said there was no further mention of the project in the text, nor did he say when the man would be sent to space.

Johnson did speak generally of the prospects of a man circling the earth in a space vehicle and of a manned space base.

Johnson's prepared speech at the dedication of the CDS laboratory research center here said, "We must look to a day of manned space vehicles."

Eastern Area Is Swept With Heavy Winds

By United Press International

Rough seas and high tides battered the Atlantic coast from Cape Hatteras to the north coast of Florida Wednesday but hurricane Janice, cause of the stormy weather, was not mentioned.

The weather bureau at Miami, Fla., said the hurricane showed no signs of heading for the mainland. It showed, gale winds extended from 300 to 400 miles from the eye of the storm, blowing up heavy seas along the coast.

Mild, mostly clear, weather continued to dominate the weather scene with the only major shower areas located in the upper Great Lakes and the Washington and northern Oregon coast.

A warming trend overspread the east from the Ohio valley to New England, raising temperatures an average of 10 to 20 degrees.

Relatively amount ranged up to one-half inch in the upper Great Lakes, Illinois and Indiana, since late Tuesday, while St. Louis, Mo. and Madison, Wis., recorded more than one inch.

Forecasters predicted only a few showers early Wednesday in the Great Lakes region.

Scattered showers and gale force winds were expected along the south Atlantic coast, and scattered showers also were seen for the Pacific Northwest, parts of the great plains and the Mississippi valley.

New UAR Cabinet Named by Nasser

CAIRO, Oct. 8 (UPI)—President Nasser named last night the United Arab Republic's first cabinet.

The move is aimed at bringing the Syrian and Egyptian regions of the UAR under a single unified grip and to do away with the system of dual ministries for the two provinces.

The 21-man cabinet named by Nasser is made up of 14 Egyptians and seven Syrians.

Tax Meetings To Get Talks About Saving

CHICAGO, Oct. 8 (UPI)—A group of men are going to meet here in a rooming house to discuss the latest in the art of saving money. The meetings will be the 11th annual conference of the University of Chicago law school. For three days, Oct. 8-10, tax experts from all over the nation will hear other speakers discuss new ways of saving money. The international character of the conference is emphasized by the fact that speakers will include a representative of the American Bar Association, a representative of the International Chamber of Commerce, and a representative of the International Union of Pure and Applied Chemists. The speakers will discuss the latest in the art of saving money, including the use of tax shelters, the use of tax-exempt bonds, and the use of tax-deferred annuities. The conference is being held at the University of Chicago law school, which is located in the heart of the city. The speakers will include a representative of the American Bar Association, a representative of the International Chamber of Commerce, and a representative of the International Union of Pure and Applied Chemists. Named Trustees

NEW YORK, Oct. 8 (UPI)—Nelson Poynter, president and editor of the St. Petersburg, Fla., Times, and Gabriel Haug, former economic adviser to President Eisenhower, were named yesterday to the board of trustees of the citizenship clearinghouse. The clearinghouse is a non-profit educational organization whose purpose is to work with political science teachers in 400 colleges and universities to encourage political activity by college students. The trustees will meet tomorrow to discuss the organization's plans for the coming year. The clearinghouse was founded in 1954 and has since then become one of the most active organizations in the field of political education. It has held numerous conferences and has published a variety of materials for use in the classroom. The trustees will be responsible for the organization's financial affairs and for the selection of its officers and directors.

Television Made "Zombi" of Son, Worried Father Asserts

LONDON, Oct. 8 (UPI)—A father complained to a magistrate's court yesterday that his son had turned into a zombie—the living dead—because he did nothing except watch television. The magistrate ordered the boy to undergo psychiatric treatment in hopes it would cure his "television sickness." Names of the 18-year-old boy and the parents were withheld because he is a juvenile. The father told him to turn on the television and watch the news. He said he was worried because his son had stopped going to school and had stopped talking to him. He said he was worried because his son had stopped going to school and had stopped talking to him. He said he was worried because his son had stopped going to school and had stopped talking to him.

He said his son once was a normal boy who had represented his school at sports, but now he was a zombie. He said he was worried because his son had stopped going to school and had stopped talking to him. He said he was worried because his son had stopped going to school and had stopped talking to him. He said he was worried because his son had stopped going to school and had stopped talking to him.

Meany Picked As Arbitrator Of Ship Meet

NEW YORK, Oct. 8 (UPI)—An event unprecedented in labor annals will take place Oct. 21 when AFL-CIO President George Meany begins arbitration of a contract dispute involving one of the labor organization's member unions.

Meany has been agreed upon as arbitrator by the American Merchant Marine Institute, representing 20 major steamship companies, and the Association of Masters, Mates and Pilots, representing ship's officers. But no one could agree on the motives behind his selection.

Ship's officers had been on strike 45 days and 50 American flagships were tied up in New York harbor when the Merchant Marine Institute—not the union—invited Meany to arbitrate and promised to abide by his decision. He accepted, the union agreed, and the strike was called off Monday night.

The shipowners said the invitation to Meany demonstrated their "good faith," but spokesmen for the union suspect it is a publicity-seeking move to move the ball.

Meany would do this every best to find a solution acceptable to both sides in this matter, I couldn't have taken the job," he said.

The veteran labor leader said selection of a union bigwig as arbitrator has never before occurred to his knowledge, and he doesn't anticipate it happening again. He described the case as a "very particular situation."

Capt. Floyd Oakins, chairman of the union's negotiating committee, bluntly described the Merchant Marine Institute as "a bunch of garbage," but a means of getting a lot of publicity.

He didn't think Meany would take them up on it, but they got caught in their own trap.

Oakins said, "Meany went along because he sincerely wanted to help settle this dispute no matter how it came to Meany's good judgment. We didn't want it this way, but we will abide by what Meany decides."

Idaho School Student Body Climbs to 730

COLLEGE OF IDAHO, Caldwell, Oct. 8.—The 730 students enrolling this fall at the College of Idaho broke all previous registration records, making an eight per cent increase over the 1946 enrollment.

The total includes 88 transfer students from other colleges and universities, an increase of 26 over the 1947 figures. Another increase was shown in the out-of-state total—164 students, 21 more than last year for a 13 per cent rise. A total of 330 students are from the valley comprising 44 per cent of the student body. Eighty-four students are from the Magic Valley area, 33 from northern Idaho and 31 from eastern Idaho.

Nine per cent increase in evening class enrollment was achieved this week with 200 persons registered as compared with 190 persons first semester last year.

New Officers Take Posts for Toastmaster Club

Lloyd Walker, holding gavel, is congratulated upon his installation as Twin Falls Toastmaster club president Tuesday evening by Homer Hamlett, local administrative vice president and M-Sgt. Robert E. Richards, secretary-treasurer. Special ceremonies and a banquet were held at the American Legion hall. Out-going president is Louis B. E. DuPlaisie. (Staff photo-engraving)

Justice Department Biding Time for Hitting Labor Money Use in Elections

WASHINGTON, Oct. 8 (UPI)—The word is that the Justice Department awaits a good case before proceeding again under the corrupt practices act against the use of labor money in political campaigns.

The department lost such a case growing out of labor's part in the 1946 election—McNammara-D. Mich. It has waited now for a better case much too long so far as this year's election is concerned.

Democratic endorsement and Republican disenchantment with Big Labor in American politics is for cause, including the computation that in the 1946 political campaign all but about \$4,000 of slightly more than one million dollars contributed by labor was given to Democratic candidates and their campaign committee.

This distribution of campaign gifts was cited last summer by the staff of the Republican senate policy committee in a detailed report titled: "The Labor Bosses—America's Third Party."

The policy committee staff evidently was attempting to get Republican leaders, in general, on what staff members regard as the beam with respect to big labor in politics.

2 Women Injured By Auto Accident

RUPERT, Oct. 8.—Two women were injured Tuesday afternoon in a two-car collision at the intersection of Third and H street in Rupert.

Mrs. Milbert Moeper, Rupert, received severe head lacerations and was hospitalized at the Minidoka county hospital for further observation. Mrs. El Koolanui, Paul, was treated for minor injuries and released.

Patrolman Con Devaney, Rupert, said the investigation is continuing. The two cars collided in the intersection, he said. Mrs. Moeper was driving a Ford sedan and Mrs. Koolanui was driving a Chevrolet.

Designer Says 'Dream House' Of Future Is Nearly Reality

WASHINGTON, Oct. 8 (UP)—A dream house—dust free, air-conditioned, with kitchens and baths that clean themselves—was pictured Tuesday by a New York industrial designer, Henry Dreyfus.

It will be more "roomier than you think," he told 100 women delegates to a Congress on Better Living.

All that the homemakers of America have to do to get dream-quality homes is to think seriously about their needs and let businessmen and industry know what they want, Dreyfus said.

The 100 delegates from every state plus Alaska—almost all of them young married women averaging around 32—were called here to do just that at a three-day conference sponsored by McCall's magazine.

They had just finished their first session, discussing home styles, materials, and layouts, when Dreyfus came along.

"Welcome to my dream house," he said in his prepared dinner speech. Dreyfus, 54, who got his start designing in the theater, had some pretty theatrical offerings for the future. He told of walls that glow in natural light—automatically dimming or brightening to balance the sunlight, and changing color "with your mood."

And like stage sets, the walls would be movable so you can change the shape and size of rooms, adding a nursery when Junior comes.

There'll be less work in his home where a walk-through—foyer electronically removes dirt and mud from feet and clothing.

Moulded plastic baths and kitchens, with no dust-collecting crevices, have self-cleaning features. Press a button, and a mixture of detergent and water swashes over the floor.

Plays Hokey

BATON ROUGE, La. (UP)—Gov. Earl K. Long yesterday said he was not planning to check out with the governor's office before leaving the state.

Long said the "hokey" story that John Nick Brown reported was an investigation "out of the state" was "a lot of nonsense."

He probably did a lot of business, the need with always there when made by a woman's hand.

WORLD'S FIRST SUPER LUBRICANT AT A MOTOR OIL PRICE

Newest achievement of Conoco Research—New Conoco all-season Super brings you the safety of an extra margin of protection.

New Miracle of Petroleum Chemistry

New motor-oil-virtually doubles protection offered by conventional products

TESTS PROVE THE ASTONISHING SUPERIORITY OF NEW CONOCO ALL-SEASON SUPER MOTOR OIL

- Q. When does a motor oil become a Super Lubricant?
- A. When it extends its protection far beyond the standards of conventional oils. New Conoco all-season Super does just that!
- Q. Are there other Super Lubricants?
- A. Yes, though up to now, they've been so costly, only limited use could be made of them. New Conoco all-season Super is the first to achieve Super Lubricant standards at a motor oil price!
- Q. Doesn't it offer motorists Conoco's exclusive Oil-Plating® protection?
- A. Yes. It won't drain down, even overnight... assures faster starts; automatic warm-up, up to 80% less wear.
- Q. What will this Super Lubricant do for me?
- A. Give you guaranteed assurance that your engine is protected under all conditions.

- Q. What else?
- A. It will increase usable horsepower, improve gas mileage, extend engine and battery life, free you from making seasonal oil changes.
- Q. Does it come in a new can?
- A. The brightest, best-looking can in the business—gold with a black bull's-eye.
- Q. What am I waiting for... my next oil change?
- A. The best answer to that is, why wait—get New Conoco all-season Super today!
- Q. Does Conoco guarantee it?
- A. Certainly. Continental Oil Company guarantees both New Conoco all-season Super and Conoco Super Motor Oil to be the finest premium oils you can use. Simply drain and refill regularly with either of these fine motor oils according to the recommendations set by your car's manufacturer.

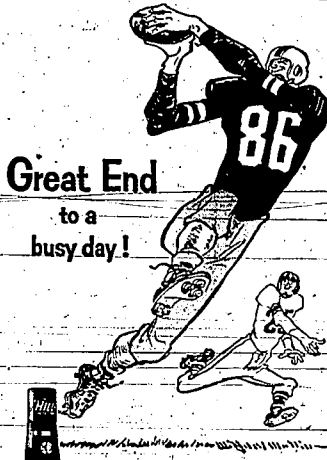

Corrected Equivalent of 40,000-mile motor oil, against 20,000-mile motor oil, proves New Conoco all-season Super offers superior protection against corrosion.

Wear! Analytical balance, checking piston ring weight loss after 40,000 miles, proves New Conoco all-season Super twice as good as wear protection as next best premium oil tested.

Continuous Examination of piston ring slots after 364 hours of sludge-forming cyclic low-speed operations shows rings using New Conoco all-season Super still clean. Rings using other premium oils were clogged!

Miss Brush and William Stewart Exchange Vows

RICHFIELD, Oct. 1.—St. Peter's Catholic church, Richfield, was the scene for the marriage Saturday morning of Annetta Brush, daughter of Mr. and Mrs. Theo. Brush, of Richfield, and William Stewart, son of Mr. and Mrs. Rambo, of Richfield. Baskets of yellow and white chrysanthemums decorated the church with vases of white chrysanthemums for the altar.

The Rev. John Casby celebrated nuptial mass and performed the double ring ceremony. Altar boys were Robert Rambo, Jerome, brother of the bridegroom, and Pat Leach, Shoshone.

Miss Brush, given in marriage by her father, chose a wedding gown of white lace over satin, fastened with sequin-trimmed neckline, bolero sleeves, and floor-length train. Her hair was styled in a simple, elegant fashion. She carried a pink and white bouquet of flowers.

The groom, dressed in a tuxedo, carried a white flower basket with rose buds. The ceremony was officiated by the Rev. John Casby.

After the ceremony, the bride and groom were escorted to the altar by their parents. The bride's father, Theo. Brush, and the groom's father, Rambo, both of Richfield, were present.

The bride's mother, Mrs. Annetta Brush, and the groom's mother, Mrs. Rambo, both of Richfield, were also present. The ceremony was a private affair.

The bride and groom were married at 10 o'clock. The ceremony was officiated by the Rev. John Casby. The bride and groom were both of Richfield.

Filer Miss Weds Ronald Piercy in Church Services

BUIH, Oct. 1.—Patricia Lancaster, daughter of Mr. and Mrs. Ernest Lancaster, Filer, and Ronald Lee Piercy, son of Mr. and Mrs. Leighton Piercy, exchanged wedding vows in a double candlelight ceremony Sunday afternoon at the First Baptist church.

The Rev. John Garbarnett officiated at the double ring before a background of baskets of orange dahlias, accented with variegated shades of rust and gold, flanked by white tapers in tall candelabra. The pews were marked with bronze satin ribbon bows.

The bride, given in marriage by her father, wore a Bridal Original gown of Chantilly lace and tulle. It was styled with an off-the-shoulder neckline with a white satin cummerbund flowing into an unadorned sash creating an empire waistline. Her three-quarter length train of imported French illusion was held in place by a tina of seed pearls and iridescent sequins. She carried a cascade bouquet of cymbidium orchids.

Maid of honor, Virginia Ambrose, Filer, wore a gown of antique crystal fabric fashioned with a Sabrina neckline and full skirt. Bridesmaids were Mrs. Donald Westhousen and Mrs. Mary Ann Westhousen. They wore green crystal dresses similar to the bridesmaid's dresses with a green ribbon sash and carried a bouquet of white flowers.

The bride's mother, Mrs. Patricia Lancaster, Filer, was the flower girl. She wore a green crystal dress similar to the bridesmaid's dresses with a green ribbon sash and carried a bouquet of white flowers.

Care of Your Children

By ANGELO PATRI

"What can we do to get the fathers to take an interest in the PTA?" asked one of the speakers at the meeting. They are likely to be interested if their children take part in the program. Even then some can't be present.

First, children have no place in an evening meeting of this kind. They should be at home, doing their homework. Parents can't talk freely at such meetings if the children are present.

Next, and even as important, offer a worthwhile program. Fathers are not likely to be interested in listening to committee chairman make reports as to visits made to the school, state of the treasury, membership and the rest. What they are keenly interested in is the welfare of their own boys and girls, and they will go to a meeting that promises them some worthwhile information and a chance to ask some questions and have them answered authoritatively.

A good speaker, one who is thoroughly experienced in his field, will always bring out the fathers' program. They know well ahead of time that the speaker should present some one phase of child training, or education, and they will listen to his ideas. This question and answer period is essential to the success of the meeting. Most of us like to feel that we have had a chance to state what we believe in. Most people do.

When someone asks the center of the stage and tries to hold it there should be a loudspeaker or an inexorable timekeeper who tells the speaker to bring the crowd down to the expiration of the allotted time. Nobody will complain that because everybody believes

AUBURN NAMED THIRD NO. 1 TEAM IN NATION IN THREE WEEKS

Oklahoma Sooners Dropped Into Second Spot; Army, Notre Dame Pick up Votes

By The Associated Press

The experts, who have had a little trouble agreeing on the early rankings of major college football teams, fell back on an old reliable Monday—1957 champion Auburn. The rugged Plainsmen, who strenuously resist efforts to score against them, moved to the No. 1 spot in the weekly Associated Press poll of sports writers and broadcasters after Oregon's defense defeated Oklahoma. Auburn became third team in as many weeks to hold the No. 1 spot. Ohio State, the pre-season pick, led the first weekly poll, then Oklahoma moved up last week.

But, last Saturday, Oklahoma's Sooners barely squeezed out a 6-0 decision over the unranked Oregon and Auburn had its troubles beating Washington 12-7. Auburn rolled to a 20-13 victory over a surprisingly rough little Chattanooga team.

As a result, 43 of 107 voters in this week's AP poll put Auburn on top and only 24 picked Oklahoma first.

On the usual point scoring basis of 10 for each first place vote, nine for second, etc., Auburn topped Oklahoma by 90 points—813 to 714. Army's high-scoring team climbed up to third in the ratings and Notre Dame from seventh to fourth. They settled their relative positions when they met next Saturday.

Pitt kicked to fifth, followed by Wisconsin, Mississippi, Clemson, Michigan State and Pittsburgh. Michigan State's fourth ranking after its hard-earned 12-12 tie against Michigan, Iowa, will be used by the AP for its poll. Iowa lost its place in the top ten to Pittsburgh, whose third victory of the season was its first over Minnesota in a 25-year rivalry.

Army Pacing NCAA Weekly Grid Statistics

NEW YORK, Oct. 8 (AP)—The superior balance of Army's football team was shown Tuesday in the latest figures from the NCAA service bureau. The Cadets are No. 1 in total offense, second in rushing offense, third in rushing, seventh in total defense, eighth in rushing defense, as they prepare for their important game with Notre Dame Saturday at South Bend, Ind.

Although not among the top 10 in pass defense yardage, Army has allowed the lowest percentage of completions in the nation—only eight in 40 attempts. The West Pointers also are second in scoring defense, allowing only 10.5 points a game. Only in punting is the Army down the list, ranking 17th nationally. The Cadets have averaged 34.2 yards on six kicks. Southern Methodist, beaten by Notre Dame last Saturday, is the punting leader with an average of 45.4 on seven kicks.

Army in two games has a total offense average of 315 yards. College of the Pacific is second with 458 yards. Washington State is third with 391.

College of the Pacific is tops in rushing with an average of 373 yards a game. Washington State leads in forward passing offense with an average of 237.3.

Auburn's offensive prowess, having allowed an average of 57 yards. The Tigers also are tops in rushing defense, allowing only 10.5 points a game. Only in punting is the Army down the list, ranking 17th nationally. The Cadets have averaged 34.2 yards on six kicks. Southern Methodist, beaten by Notre Dame last Saturday, is the punting leader with an average of 45.4 on seven kicks.

Air Force Coach Puts Falcons "in Orbit"

COLORADO SPRINGS, Colo. (UPI)—From now on when you talk about the big military academy football teams, be sure to include the Air Force academy. This is the first year that the "wild blue yonder" boys have seniors in the squad. The season kick off the launching and a week now with a 37-6 trouncing of Detroit, which had been ranked No. 1 in the nation and was continuation of an orbit.

Iowa started as it would shoot down the Air Force in flames. The Hawkeyes zipped to a touchdown in the first five minutes, driving 38 yards in seven plays without bothering to huddle. But the Air Force struck back with a first quarter touchdown on a 23-yard sprint by Mike Quinlan and went ahead 13-0 on a pass by George Pupich. Iowa stopped another drive on the one-foot line in the third period and desperately drove 99 yards in 15 plays for the touchdown that gave them a tie.

Martin's explanation was simple: "The team realized it had to do its best or die after all those Cadets came all the way to see them."

Linebacking at Its Best

Hugh McElhenry (30) of the San Francisco 49ers, literally flew over the line of scrimmage but ran smack into Rams linebacker Les Richter (48) for only a yard gain in third period of National Football League game against the Los Angeles Rams at Kezar stadium in San Francisco. Ray was deep in 4th territory. The Rams won handily 33-3. (AP wirephoto)

Idaho Falls Signs Working Plan With Pittsburgh

IDAHO FALLS, Oct. (UPI)—President W. C. Kyle of the Idaho Falls Rascals of the Pioneer baseball league today halted the club's season with the Pittsburgh Pirates for the 1959 season as a "boost for professional baseball here."

Kyle said the Rascals were "eager to work with the red hot Pirates."

Branch Rickey and the Pittsburgh club are regarded as the founders of the minor league system and they are known throughout the world for their full cooperation with their minor league affiliates.

He pointed out that Pittsburgh has a full working agreement with the Salt Lake City Bees of the Pacific Coast league and added that the proximity of the two affiliates should mean closer contact and supervision for the Idaho Falls club.

Sentiment Can't Enter Into Layne Trade, Wilson Says

DETROIT, Oct. 8 (UPI)—"It's a cruel, hard business," said George Wilson, "but I have a job to do and I can't let sentiment enter into it. If I do, I'm dead."

With that, the straight-talking coach of the world champion Detroit Lions explained why he traded off quarterback Bobby Layne.

The deal was completed Monday.

The 31-year-old Layne, who played for the Pittsburgh Steelers for two years and had two high draft choices, one next year in 1960.

The Washington Redskins—never a great passer, never a great runner but always a peppy leader and clutch performer—were looking for a quarterback to bring back championship football to Detroit.

Yale's off-field activities over the years and his apparent lack of his old-time zing both on the field and in the clubhouse in the last couple of months have been a source of distress to his teammates, coaches and the club's official family.

New Features Reviewed for Dodge in '59

A handful of "designed for the driver" features are included in the new '59 Dodge scheduled for first showings across Magic Valley Friday.

The features include push-button controls for the heater and air-conditioner, a speedometer which changes color as speed increases, an electronic rear-view mirror that automatically cuts glare from over-taking car headlights, an outside mirror that can be controlled from inside, an automatic window motor and a higher headlight chime and a higher steering wheel, slightly flattened at the top for better vision.

Dodge offers two D-300 engine modifications in 1959, both based on the 135-cu-in. 4-cyl. V-6 engine. One D-300 has a single four-barrel carburetor and dual exhausts, the other features two four-barrel carburetors, dual exhausts, a special camshaft and heavier valve springs.

A new sculptured roof panel with a slightly raised rear section is featured on all 1959 Dodge four-door hardtops.

Colors and color combinations available on the new vehicles will include more light hues.

New vinyl seats, capable of swinging out a full 40 degrees, will be available in some models. The seats return to place and automatically lock into the forward position.

The two seats are separated by a stationary center section with a sliding arm rest. In normal position, a regular three-passenger seat is created.

The push-button transmission is located at the driver's left. Heater, cigarette lighter, headlights and windshield wiper pushbuttons are close to the driver.

So new fabrics will be used in Dodge interiors, featuring contemporary styling and color-coordinated fabric and vinyl combinations. Seat and door panel coverings are newly-designed.

All Dodge models in 1959 are equipped with a new trunk lock which Dodge engineers believe will reduce the possibility of theft from the compartment. The lock is de-

Brush Fire Destroys California Home

Several expensive homes have been destroyed and 1,500 acres of ground burned in a raging brush fire at Monrovia, Calif. Owners of this gutted home attempted to save their TV set, right, before flames drove them out of the building. As this picture was made, flames were racing on up the canyon in the background. signed so the key cannot be removed while the lock is in the open position. New styling treatment of both front and rear, side and roof and sharply defined, painted rear fins are introduced in the Dodges.

The exterior design is keynoted by the arched headlight "eyebrows" which curve inward and downward to this front grille. New taillights, which Dodge stylists say are patterned after jet tubes, also are included in the new design.

"The new Dodges are offered in four series, Coronet 6, Coronet V-8, Royal, Royal and Custom Royal V-8 and the station wagon V-8.

Evangelism Is Topic of Meet For Churches

SHOSHONE, Oct. 8 — Some 30 persons, representing various communities in Magic Valley attended the "pilot program in evangelism" at the local church this week.

Methodist laymen and ministers from the various churches participated in the day of activity. Representatives were Buhl, Twin Falls, Coeur d'Alene, St. Paul, Hansen, Kimberly, Burley, Rupert, Jerome, Hagerman, Wendell, Gooding, Glenna Ferry, Richfield and Shoshone.

A potluck dinner was served at the IOOF hall under arrangement of the local church Woman's Society of Christian Service.

Purpose of the meetings was to give instructions and practical application of the principles of evangelism in local churches. Speakers for the sessions were the Rev. Wendell L. Coe, Rupert; Marshall Fisher, Jerome; the Rev. A. E. Gilbert, Wendell; Mrs. C. M. Fridmore, Richfield; Dr. P. Malcolm Hammond, Boise, and Mrs. Guy Kennedy, Jerome.

Following the dinner, there was a period of visitation in the community. A closing service was held with the Rev. Ralph A. Lawrence, local pastor-in-charge, and the concluding service was a testimony meeting, conducted by the Rev. Mr. Coe.

Indoor Picnic

with King Size COKE!

Whatever the weather, enjoy the fun of a picnic...right at home! Just take your pick of the recipes given here, then shop at your grocer's for all the fixings. Of course he's featuring that big picnic favorite... King Size Coke! What a handy way to get more of the real refreshment, more of the cold crisp taste of Coca-Cola. King Size Coke is great for king-size thirsts, so stock up on cartons of Coca-Cola in big King Size today.

HAWAIIAN RICE. Combine 1 can condensed corn with 1 cup orange marmalade, 3/4 cup each catsup and vinegar. Marinate pork ribs in sauce, grill, broil often with sauce. Delicious with Coke.

GARNISH YOUR HAWAIIAN RICE with pineapple and green pepper cubes on picks, half tomatoes stuffed with coleslaw. It's these little touches that make the difference... just as Coke makes a difference, too.

WASH THE CLEAN-UP EASY. With paper plates, napkins and cups you can clean up in a jiffy, and they're part of the fun of the picnic. Just fill the cups with Coke and you're set for a pleasant picnic.

YOUR GROCER IS FEATURING ALL THE MAKINGS!

VINA-SALAD WALKER. Add dried celery, onion and capers to drained, flaked tuna. Moisten with salad dressing. Heap into split and buttered rolls. Let guests help themselves to Coke, served in an ice-filled plastic bucket (available at your grocer's). People do help themselves to Coke over 58 million times a day.

SHACKYWAY. A picnic standby—second only to Coca-Cola! Coke actually freshens up your taste between bites, makes every mouthful more delicious. No wonder Coke is a favorite with food. So treat guests to the real refreshment—Coca-Cola. They'll appreciate your good taste in serving Coca-Cola, ice-cold.

PICNIC STICKS. Place slices of American cheese between two slices of canned luncheon meat. Slice into sticks, fasten with picks. This easy "finger food" tastes so good with sparkling Coca-Cola. In fact, the cold crisp taste of Coke brings out the flavor of almost any dish you serve.

Remember—
COKE and Good Taste
go together!

Next Census Will Shift House Seats

California is expected to pick up an additional seven seats in the U.S. house of representatives after the 1960 census. New York will hold its position as the largest state delegation. Fourteen states will lose seats and nine will gain (see news) as the nation's burgeoning population, especially in the far West and Southwest, causes a reapportionment of the house's 435 members, a number which must remain constant under the constitution. Pennsylvania and New York will drop three seats each and Florida will pick up the same number. Alaska will have one representative. Current figures are on light background, future figures on dark. Data from the U.S. census bureau.

Hagerman Artist, Wife Return From Summer Spent in Europe

HAGERMAN, Oct. 8.—Mr. and Mrs. Archie Teater have returned to their home near here after a summer of work and travel in Europe. Teater, nationally recognized painter, completed more than 70 canvases during the six months in Europe. The two travelers rolled up more than 7,000 miles on their auto. They returned on the Queen Elizabeth.

"We have plans for a show but I don't want to say anything about it right now," Teater said.

The Teaters motored into Austria and stopped in Venice, Florence, Rome and Capri, Sicily, and a summer resort. The Teaters' work of the season but the American couple also visited the world's fair in Brussels.

The trip was Teater's first visit to Europe.

Teater says with a smile, "In Switzerland, Teater painted the famous 'Matterhorn'—the Swiss Alps. The Teaters' work of the season but the American couple also visited the world's fair in Brussels.

Declo Mutual Has Charge of Rituals

DECLO, Oct. 8.—The Declo Mutual presented the Sunday night service in the LDS chapel. Mrs. Clifford Darrington conducted the meeting and Seymour Overholt gave the opening prayer. Music was under the direction of Mrs. Donald Jacobs and Mrs. Norman Thurst. A song was sung by Mrs. Donald Jacobs and Mrs. Edith Corlies, accompanied by Mrs. Clyde Wardle. Narrator for the theme taken from the Book of Mormon was John Phillips. Hymns were Linda Johnson, Dianne Darrington, David Olette and Rex Fries. The closing prayer was given by Darrell Darrington.

Home Council Hears Speech On Individual

McCALL, Oct. 8 (AP)—Education must meet the needs of individuals if it is to be successful, the annual meeting of the Idaho Home Demonstration Council was told Tuesday.

"We would be making a tragic mistake," said James E. Kruse, dean of the college of agriculture at the University of Idaho, "if we riveted all our attention on Sputnik and such research and forgot the needs of the individual."

He said a major responsibility of the university "is to help the people make a better living and live better. This is accomplished through teaching, research and service."

Mrs. Glenn Balch of Boise, a member of the state library board, urged increased attention to school and library needs.

The first step, she said, "is to make up your minds whether you are for or against education. There are undernourished minds in a land of plenty."

She said schools lack proper library facilities, including adequate reference material, she said, too. "There is a need for adult awakening toward education."

Parents sitting before their television, glancing at their headlines, must arouse doubt in their children as to the serious intent of parents toward education," she said. "Actions speak more loudly than words."

The council chose Mrs. Adolph Heinrich of Lake Park as vice president for the coming year and Mrs. Ralph Gifford, Boise, treasurer.

Mrs. R. L. Henderson of Idaho Falls continues as president, having been elected to a two-year term in 1957. Mrs. A. H. Goecke, Post Falls, was elected western district director and Mrs. J. J. Hansen, Idaho Falls, was re-elected eastern district director.

Delegates chose Durbin as the site for their 1959 convention.

Trucker Fined

Hyrum T. Weighall, Hansen, was fined \$22.50 and costs Tuesday in Twin Falls Justice court for driving guilty to operating a truck with overweight on the rear axle.

Weighall was cited by State Patrolman Roy Harding on Sugar Factory road with 2,200 pounds in excess of the 12,000 pounds allowed by law on any one axle.

REDS TO CONTINUE TESTS

UNITED NATIONS, Oct. 8 (AP)—The Soviet Union declared Tuesday lack of real-war agreement will compel it to continue nuclear weapons tests until the total reaches that of the United States and Britain combined.

Date of Elections OK'd for France

PARIS, Oct. 8 (AP)—Premier de Gaulle's government adopted for France Tuesday an electoral system like that of the United States and set dates for two elections. The old party list system was junked. A national assembly for the fifth republic will be chosen Nov. 23, with runoff Nov. 30 in districts where no candidate gets an absolute majority on the first ballot.

Under the new constitution proclaimed Sunday the fourth republic's senate, or council of the republic, remains on for the time being as the senate of the fifth republic.

The election of France's first strong executive president, to be handled by an electoral college of perhaps 100,000 persons including members of parliament, was set for Dec. 14. A second ballot, if necessary, will be held Dec. 21.

ISRAEL TO GET SUBS

LONDON, Oct. 8 (AP)—The British foreign office announced Tuesday night Britain is selling two submarines to Israel.
